Patent No. 6,591,247 B2

Patented: July 8, 2003

On petition requesting issuance of a certificate for correction of inventorship pursuant to 35 U.S.C. 256, it has been found that the above identified patent, through error and without any deceptive intent, improperly sets forth the inventorship.

Accordingly, it is hereby certified that the correct inventorship of this patent is: Michael R. Stern, Mill Valley, CA (US); William L. Mince, Menlo Park, CA (US); and Daniel E. Kyte, San Francisco, CA (US).

Signed and Sealed this Twenty-seventh Day of October 2009.
